CDS Needs Committees and Board Meetings Quarterly *An article by Dave Craig*

CDS has increased its membership over the last several years and, as a result, the events and operations of the club have become more detailed and complex. It makes sense that not just a few people can be expected to handle all of this. It's a healthy sign that more people have joined. On the other hand it makes sense that we will need to add specific people to new committees to help manage events and day to day operations.

Second, the Corydon Dulcimer Society Board has not met on a regular basis for over two years. Allen Rushing and I have attended governance workshops at the Harrison County Foundation that showed prescribed governance and administration guidelines for 501C3's in the State of Indiana. CDS can avoid problematic issues by following recommended guidelines. In doing so, CDS can improve communication, become more efficient, and involve new members sooner, and meet the goals of the organization.

Happy March Birthdays!
